WHO WE ARE

Foldtani Srl is an Italian company dealing with environmental problems related to: geology, hydrogeology, geophysics, geotechnics, quarries controls and waste management.

Foldtani has a long history reaching back 2000 as a single man operation at Studio Geologico Nicolodi, until 2009 when it was registered as limited company: Foldtani Srl

Our Team includes Geologists, Agronomists, Environmental Engineers.

Our Mission is to help preserve Nature, the World and the Human Heritage.

Our office is in Desio, Northern Italy, a city very close to Milan and in the middle of one of the most densely populated area in Europe

We work mainly in Northern Italy, but we are able to get anywhere!.
